

EM WL 13.2.23

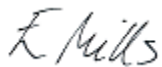

Dear Parent/Carer

This morning, we informed our pupils and staff of the very sad news of the death of Brianna Ghey. We are shocked and deeply saddened by what has happened and our thoughts are with her family and friends at this devastating time.

We know that many in our school community will process this upsetting news in different ways, and we have called on the council's support services to work with our children and staff at this distressing time. This support will continue over the coming days and weeks.

Cheshire Police last night confirmed that two teenagers have been arrested in connection with the death of Brianna. We would ask you to respect the privacy of Brianna's family at this very difficult time and would be grateful for your support by not engaging with speculation online, while the Police's investigation continues.

Best wishes and take care,

Emma Mills
