

Vocabulary Practice

You have been given synonyms for each word, can you produce two **antonyms** for each word, as well?

Illustrate! Draw a picture that represents each vocabulary word.

Write a story using as many of the vocabulary words as you can.

Create a crossword based on the vocabulary words. Can anybody you know, complete it?

Say it! Have a go at saying the words out loud. Which is your favourite to say? Which one do you think that you could say the most often?

Look, cover, write, repeat.

Test yourself – how many words can you spell correctly and define, without looking?
